

## **How to get in contact with Bradford Council**

Our Contact Centre can deal with or direct you to any service that Bradford Council provides. You can communicate with the Contact Centre in a variety of ways.

Since you're here on the website, why not use our online form available [here](#).

Or you can text from your mobile phone. The number to send your text message to is: 07786 208100. If you do decide to text us then if you start your message with the word 'Deaf' it will allow our Contact Centre staff to deal with your enquiry in the most appropriate way.

At the moment, we cannot receive video clips direct from mobiles. If you do have a BSL video enquiry that you would like to send us you can send the video in an email [here](#).

If you prefer TextPhone, our Textbox number is 01274 434488.

Or if you prefer to see someone face to face, the '[Council Offices](#)' link provides information on how to find out where our offices are, and what facilities they have.
